

## How to Separate Recyclables & Household Waste Properly

<Detached house version>

The size of collectible household waste and recyclables is no greater than 50 cm in length, width, and height.

Please put burnable waste in the designated dropoff sites and recyclables, unburnable waste, and hazardous waste in the designated collection stations by 8 a.m. on the day of collection.

This brochure is compiled for citizens residing in detached houses. Residents of the multi-family residential dwelling are kindly requested to check with janitor or landlord how to separate and dispose of waste. Some multi-dwellings may have their own rules for separation and disposing of waste.

For queries about the collection of waste and recyclables:

Department of Environmental Policy, Sabae City Government Phone : 53-2228

For queries about oversized waste and carried-in waste:

Sabae Clean Center Phone : 51-2310

Please ask someone who speaks Japanese to make an inquiry.

# Collectible Household Waste and Recyclables

## 1. Burnable Waste

Collection Day: On the designated two days of the week (twice a week)

- Please make sure that Burnable Waste is put in the **Sabae city-designated Burnable Waste Bags (Yellow.)** For more details about the Sabae city-designated Burnable Waste Bag, please refer to the last page of this brochure.
- Please put burnable waste bags in the designated dropoff site by 8 a.m. on the day of collection.
- Collection services are provided on public holidays, except the year-end and New Year holidays.
- As for the collection services during the year-end and New Year holidays, please refer to the City's PR magazine "Koho Sabae."

### Kitchen Waste

- Drain off the water from the waste before disposing of it.
- Compost as much food waste as possible.

### Unrecyclable Paper and Leather

This includes used tissue paper, thermal paper, paper cup, disposable diaper, shoe, bag, etc.

### Wood Waste and Rubber Hose

Please cut each item into pieces of less than 10 cm in diameter and less than 50 cm in length and put them in the city-designated waste bags without bundling with a string.

### Other Burnable Waste

Any item with between 50 centimeters and 2 meters in length is **Oversized Waste**, which must be carried in the Sabae Clean Center.

### Blankets, futons, sheets, and carpets belong in Oversized Waste.

**Unacceptable**

Any item folded or rolled is **Oversized Waste**. Please carry items in the Sabae Clean Center. Or cut each item into pieces of 50 cm or less in length and put them in the city-designated waste bags.

## 2. Recyclables
